Ok.

Please accept this email as the applicant's formal request, in view of these circumstances, that the Commission kindly extend the period of time to file the mylars by ninety (90) days. If I have calculated it correctly, it will bring the legal deadline to September 21, 2011.

As you know, the applicant strongly desires to record the mylars next week.

Kindly keep me up to date and let me know if they are signed next week - we'll come down and record them.

Thanks.

Rich Cody

Hi:

Our wetlands person only works on Friday. To be safe, please forward me a memo requesting an extension. As long as I have it the Commission's practice has been that they will grant it at the next meeting, if necessary.

Charlie

I understand that Mark dropped the mylars off early this week. Have they been signed?

Thanks.
