**SUBJECT: Permit #200802140-MG  
50 Bluff Road, Ledyard**

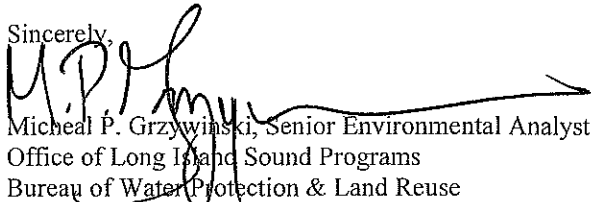

Dear Mr. Toivonen:

Enclosed is the signed permit which constitutes the approval of your application to conduct regulated activities. Your attention is directed to the conditions of the enclosed permit. Construction or work must conform to that which is authorized.

If you have not already done so, you should contact your local Planning and Zoning Office to determine local permit requirements on your project, if any. Also, your activity may be eligible for General Permit authorization from the U.S. Army Corps of Engineers. The State of Connecticut forwarded a copy of its tentative determination for this activity to the Corps for its determination of General Permit eligibility. You do not need to apply directly to the Corps unless they notify you to do so. For more information regarding this federal process, you may write to the Corps New England Division, Regulatory Branch, 696 Virginia Road, Concord, Massachusetts 01742-2751 or call (978) 318-8335.

If you have any questions concerning your permit, please contact me at 860-424-3674 or [micheal.grzywinski@ct.gov](mailto:micheal.grzywinski@ct.gov).

Sincerely,

Micheal P. Grzywinski, Senior Environmental Analyst
